

INNOVAC 2023

EVENT IDEA

- As PCC being a club focused on web development and app development , so the events would be surrounding these two .The event will also be open for other college students who wants to participate in our event. The event would comprise of many activities that are as follows:-
 - Speeches relating development
 - Professors and well know people from development background will be invited to share their knowledge amongst the development enthusiast.
 - HACKATHON
 - Teams will be formed . Team that performs the task best will win. Make sure that participants efficiently grouped.
 - Get Bugged
 - Teams will be formed and each will be assigned a similar task. The opposition team will be cross checking each others task. Team with the least bug will win the task and along with the team finding out the most bugs.
 - Group discussion
 - This would be an individual task where a participant would be asked to share his/her thoughts regarding the particular topic. The group will then be asked to give a common conclusion of the topic by choosing one participants ideas and thoughts.
 - Chit game
 - Each team will be asked to pick four to five chits at a time containing HTML, CSS properties and JAVASCRIPT keywords. The teams has to perform their task without using the properties written on their chits. The team to perform the task best will win.
 - Graphic design
 - We also can have graphic design competition for individual participants
 - Quiz
 - We can also have individual and group quiz regarding web development, app development and graphic design.
 - Copy + Paste
 - The participants will be shown a particular webpage and will be asked to recreate it using their knowledge.
- There will also be arrangements of paid foods as well as particular mess will be allotted to eat food for the participants coming from outside the campus. If the event is of two days then there will be arrangements for hostel stay for particular participants and teachers accompanying them as well.

- The participants or teams winning the events will be provided with prizes.

VISION

- The vision of our event is to not to just take the best out of the participants interested in development but also to create a feeling of joyous among them.
- Also the event would help the participants to optimize themselves in the sense that this would build team work in them and also help them to think instantaneously.
- THE PRIME MOTTO OF THE PCC TEAM WOULD BE CO-ORDINATE WELL AND MAKE THE EVENT SUCCESS AND JOYOUS FOR PARTICIPANTS.

VENUE

- As most of the tasks and games would require the use of desktops or laptops so a good place would be OCTAGON or THIRD I but as we know that it would disturb the studies of the student come there and other activities as well so we would organize the event in BARN HALL with proper internet connection and the participants would be asked to bring their own devices as they would be comfortable with working with their own devices.

BUDGET

- The budget of the event would be around 60-70k as providing food and also the prices with gifts for the guests might cost us that much.

PEOPLE NEEDED

- There will be 6-7 students who will be managing the whole conduction of the Innovac23. 2-3 students will be conducting the particular event that will be organized . so in a whole , a total of 15-18 students will be needed to conduct the whole event.

PUBLICITY

- To conduct the event successfully , we require funding that will be provided sponsors. The event managing team will search for sponsors for our event, the sponsors will be provided assurance of advertisement of their products so that they will agree to fund our event.
- Also invitations will be send to different colleges for the participants to come and participate in our event. The participants will be charged a fees of Rs. 100 for participating in our event.
- An information will be shared among the CR groups as well so that students from our college interested in web development would not miss this opportunity.

CONCLUSION

- The event would be successful with club members team work and their dedication.
